## Radon Proposal Information Sheet

Thank you for choosing Radon Clear for the opportunity to provide you & your family with radon mitigation services. The online form at [www.radonclear.com](http://www.radonclear.com) is easier to fill out on a full screen, phones are difficult. This form is designed to provide the information needed for your radon mitigation proposal; this information will be used for the actual proposal for your home. By using tax cards & MLS listings etc., we can usually provide your proposal within 24 hours,

### Note to Real Estate Agents;

Please do not use your information, use your clients' name, email address & phone as doing so will delay the delivery of your proposal. I would be happy add your email to the distribution list.
